PROFILE

UI/UX designer focused on clear, calm and intuitive digital products. I design in Figma from user flows and wireframes to interactive prototypes and polished UI, with experience across SaaS platforms, data-heavy dashboards and mobile apps. My background in communication and marketing helps me design with the user's perspective and the product's goals in mind.

PROFESSIONAL EXPERIENCE

- | | |
|--|----------------------|
| UI/UX Designer (Freelance), Enclave  | 07/2026 – 09/2026 |

02/2021 – 07/2021

- Wrote and edited articles, conducted interviews and promoted content on social media.

România

PROJECTS

ResQ: Pet Adoption & Care App , Personal project - Mobile app

- Designed a mobile app end to end, from user flows and wireframes to a clickable Figma prototype.
- Covered adoption, vet visits, donations, volunteering and messaging, with a consistent visual system.

SUBSONIC: Festival Landing Page , Concept project - Web landing page

- Created a bold, neo-brutalist visual direction for a fictional electronic music festival.
- Designed a responsive landing page for desktop and mobile, keeping dates, lineup and tickets easy to read.
